Info

Explore Tundra's Historic Journey

# Workhorse by nature. Powerhouse by design.

Tundra pairs remarkably rugged capability with premium comfort and advanced technology to fuel your wildest adventures.

# Designed Tough

**Pre-Collision System With Pedestrian Detection**

The Pre-Collision System with Pedestrian Detection (PCS w/PD) <sup>\*</sup> is designed to help detect a vehicle, pedestrian or bicyclist and provide an audio/visual forward-collision warning under certain circumstances. If you don't react, the system is designed to provide automatic emergency braking.

**Full-Speed Range Dynamic Radar Cruise Control**

Intended for highway use, Full-Speed Range Dynamic Radar Cruise Control (DRCC) <sup>\*</sup> is an adaptive cruise control system that is designed to be set at speeds above 20 mph and uses vehicle-to-vehicle distance control to help maintain a preset distance from the vehicle ahead of you.

**Automatic High Beams**

Automatic High Beams (AHB) <sup>\*</sup> are designed to help you see more clearly at night. At speeds above 21 mph, the AHB system is designed to detect the headlights of oncoming vehicles and taillights of preceding vehicles, then automatically toggles between high and low beams accordingly.

**Lane Departure Alert With Steering Assist**

When white/yellow lane markings or certain road-edge boundary lines are detected at speeds above 32 mph, Lane Departure Alert with Steering Assist (LDA w/SA) <sup>\*</sup> is designed to issue an audio/visual lane departure warning if an inadvertent lane departure is detected. If the driver does not take corrective action, the system is also designed to provide gentle corrective steering for lane-keeping assistance.

**Lane Tracing Assist**

When Dynamic Radar Cruise Control (DRCC) <sup>\*</sup> is enabled and Lane Tracing Assist (LTA) <sup>\*</sup> is used, the system uses the lines on the road and/or pre-

POWERTRAIN

Powerfully dynamic.

i-FORCE Gas Powertrain

i-FORCE turbocharged vehicles use a gasoline engine with a turbocharger that boosts power, giving you quick acceleration and strong performance.

[Learn More >](#)

i-FORCE MAX Hybrid Powertrain

i-FORCE MAX turbocharged hybrid vehicles combine a turbocharged gasoline engine with an electric motor, for added power and efficiency.

BEYOND ZERO

Beyond Zero is our vision to reach carbon neutrality with our products, services and operations, and go beyond, as we find new ways to create a better world. The Hybrid EV Tundra is one of the many ways we are reducing carbon emissions to drive toward our Beyond Zero vision.

Hybrid EV

Tundra is a part of the Hybrid EV Family.

We currently offer more low and zero emission vehicles combined than any other automaker, to give customers numerous choices to reduce their carbon footprint.

The Power of Choice

Our lineup brings you more than just your choice of electrified powertrains: Hybrid EV, Plug-in Hybrid EV, Battery EV and Fuel Cell EV. Whatever you're looking for in a ride—size, style, efficiency, speed—there's a vehicle to suit your lifestyle that allows you to put more electrified miles on the road.
